

Treasury Management Services ePoint Online Banking

ePoint Online Banking

Doing your banking used to mean going to the bank. But now, with Grandpoint ePoint Online Banking, you can bank wherever you want, whenever you want. This cutting edge internet banking technology helps your business remain competitive in a dynamic marketplace. Grow your business, drive efficiencies and enhance your bottom line.

- **Go green** - View your bank statements and cleared checks electronically
- **Be proactive** - Create email account alerts so you're notified of important activity
- **Protect your operations** - Customize access for multiple users to match your business needs
- **Stay informed** - View real-time account balances and transaction details
- **Manage cash flow** - Originate real-time, future dated and repeating transfers between accounts
- **Reduce risk** - Place real-time stop payments for a single check or a range of checks
- **Reconcile efficiently** - Export account information to QuickBooks or in a variety of file formats
- **Save time** - Pay and view bills online
- **Increase efficiency** - Advance and pay down loans without leaving your office

How it Works

All you need is a computer with an internet connection and you're ready to go. Grandpoint's ePoint Online Banking offers the highest level of security available so you can feel confident that your bank information remains secured.

Benefits

- **Save time and money**
Whether you want to pay bills, schedule recurring transactions or reconcile your accounts, our user-friendly online banking puts you in control and lets you spend your time growing your business.
- **Add convenience**
You'll have the flexibility to bank anywhere, anytime by accessing the information and tools you need to track and manage your finances online – all in one place.
- **Improve efficiencies**
You can obtain around-the-clock real-time balances, download transaction details and export your financial files in the formats you need to your accountant or to your accounting system.
- **Enjoy peace of mind**
You can increase security and prevent fraud by setting up multiple users with varying levels of access.
